

# Support

Translate: **EN** ▼

At this tab you can specify the authorization details (login and password) to access the special technical support website of MetaQuotes Software Corp.

A screenshot of the "Options" dialog box in MetaTrader 4 Administrator, with the "Support" tab selected. The dialog has a title bar with a question mark and a close button. Inside, there are two tabs: "Common" and "Support". The "Support" tab contains the following text: "Specify your MetaQuotes Support Center login and password to order different applications directly from the Administrator terminal." Below this text are two input fields: "Login:" and "Password:". At the bottom of the dialog are three buttons: "OK", "Cancel", and "Help".

Options

Common Support

Specify your MetaQuotes Support Center login and password to order different applications directly from the Administrator terminal.

Login:

Password:

OK Cancel Help

This information will be used for contacting the [technical support service](#) right from the administrator terminal.
